- Southern Online Journal of Nursing Research - Represented by Dr. Judith A. Lewis (Editor)
- Journal of Specialists in Pediatric Nursing (JSPN) - Represented by Dr. Andrea B. Smith (Editorial Board Member)
- Research in Nursing & Health - Represented by Drs. Kathleen A. Knaf, Eun-Ok Im and Duck-Hee Kang (Editorial Board Members)

NINR Dialog: Building Nursing Science - Friday, February 5, 8:15 – 9:15 AM

The National Institute of Nursing Research (NINR) is sponsoring a plenary session on Friday, February 5, 8:15 – 9:15 AM. Dr. Joan Austin will lead a discussion to identify ways that NINR can better support the development of nursing scientists and encourage scientific creativity in nursing research. She is attending all of the regional nursing research conferences this spring to obtain members' recommendations related to building nursing research. Dr. Austin will be sharing your ideas and suggestions with NINR. During this plenary session Dr. Austin will lead the discussion using the following questions.

- What can be done to keep you informed of all of the exciting things happening at NINR and NIH?
- What can be done to help nurses become scientists earlier in their professional careers?
- What can be done to help you get your scientific results out to the American people?
- What can be done to help nurse scientists incorporate new and cutting-edge areas of science into their research?
- What can be done to help nurse scientists meet the challenges they encounter in the scientific community?
